

About Us

{hormenu}{/hormenu}

Children who have been abused, neglected, or who struggle with family stressors find help and comfort at Children's Foundation of Mid-America's strong residential homes. Family focused community programs like therapeutic mentoring, parent aide, foster care, emergency & respite care, individual, group and family counseling, tracking, transportation, and crisis intervention provide access to resources necessary to support and strengthen families -- and helps them learn to function with, and care for, their children.

Children's Foundation of Mid-America is a private 501(c)(3) not-for-profit corporation, working to help children and families. Chartered in 1988, the Children's Foundation of Mid-America assumes the major responsibilities for the programs operated by Presbyterian Children's Services. Children's Foundation of Mid-America continues the efforts that caring Christian folks have provided for over 90 years.

No child is excluded from services because of race, sex, religion or economic status.

All gifts to Children's Foundation of Mid-America or any of its service agencies (DBA) are tax deductible for corporate and personal income tax purposes. Gifts by Will or Bequest are fully deductible as allowed by law.

And, don't forget that gifts of \$500 or more, from qualified donors, can provide a 50% Tax Credit against your Missouri individual or corporate income tax liability. Ask Angie Brown , VP-Community Relations, how it works!
